

NATALIE M. ZUNDEL, CFRE

I am a seasoned fundraiser with experience working for both local and national nonprofit organizations. I have raised nearly \$25 million from private funding sources including foundations, individuals, and corporations.

Leadership & Management

- Serve as the board liaison, inspiring volunteers to be strategic leaders through the implementation of custom “ask” training sessions, agenda best practices, and development of a board book containing their role, policies, resources, and more.
- Craft annual plans tailored to the needs and strengths of the organization using a collaborative input method that led to a 175% growth in revenue at ASCRS Foundation in one year and an 82% growth in philanthropic revenue at the ASCE Foundation in two years.

Fundraising

- Grown funding in all my positions, including an 80% increase in total revenue in less than 3 years at Urban Alliance, and a 525% growth in major gifts over three years at the ASCE Foundation.
- Design donor stewardship plans with varying recognition levels that have led to retention rates above 70% (exceeding industry average of 43%).
- Experience at multiple positions building a major gifts pipeline from the ground up, starting with the cultivation of mid-level annual donors.
- Proven ability to grow planned giving, increasing the ASCE Foundation’s number of known legacy donors by 35% over four years.
- Ability to manage the grant writing and reporting process for multiple corporate and private foundations (30+ DC based entities at Urban Alliance and 30+ major pharmaceutical and medical device companies at ASCRS Foundation).
- Laid the groundwork for a successful multi-year, \$15 million dollar campaign at the ASCE Foundation.
- Extensive event planning experience ranging from intimate donor receptions to large golf tournaments.
- Passionate about communicating with supporters through the written word; I have drafted press releases, website content, blogs, newsletters, brochures, and speeches.

Budget & Finance

- Responsible for the drafting & forecasting of annual budgets, and their presentation to the board.
- Implemented documented gift processing procedures, including detailed checks & balances, minimizing administrative inconsistencies.
